PEACH, PINEAPPLE, APPLE, TOMATO, ORANGE

**ZUMO NATURAL**

**FRESH JUICE 4,90€**  
NARANJA/ORANGE

## Juices are perfect for today's lifestyle

they contain all the goodness of the whole product in a condensed form. For example, a pound of carrots can be a significant source of calcium and protein, but those ten carrots may be more than your willing to eat at a single meal

Juicing concentrates that one pound into a single glass of easy to drink juice these nutrients are quickly assimilated since the body does not have to separate out of the fiber.
